Parameters

GSM frequency	850/900/1800/1900MHz
GPS chipset	High sensitivity GPS chip
Antenna	Built-in quad band GSM antenna, GPS ceramic antenna
LED indicator	Blue: GPS, Green: GSM, Power: Red
Battery	270mAh/3.7V Li-Polymer battery
Working voltage/current	9-90VDC/8mA (36VDC)
Standby current	≤5mA (by battery)
Operating temperature	-20°C~+70°C
Waterproof grade	IPX5
Device weight	43g
Device dimension	77.0*29.0*13.0mm
